During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet in SD quality. \$35 device connection charge due at sale. Credit approval & deposit may be required. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$3.49 per voice line (\$0.50 for RPF & \$2.99 for TRF) and \$1.40 per data only line (\$0.12 for RPF & \$1.28 for TRF) applies; taxes/fees approx. 4-38% of bill. Capable device required for some features. Not combinable with certain offers. Switching plans may cause you to lose current plan/feature benefits; ask a rep for details. Max 6 lines. Plan not available for hotspots and some other data-first devices. **Unlimited talk & text** features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Some messages, including those over 1MB, use data and may be unavailable internationally. Unlimited U.S. roaming. High-speed data is US only. In Canada/Mexico, data is unlimited at up to 128kbps speeds. Not available for hotspots and some other data-first devices. **Video streams** at up to 2.5Mbps (SD). Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **Tethering** 5GB high-speed data then unlimited on our network at max 3G speeds. For customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone/tablet usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **AutoPay Pricing** for lines 1-5, max discount of \$25. AutoPay discount requires bank account or debit card, otherwise \$5 more/line/mo. May not be reflected on first bill. **Int'l Roaming in Simple Global Destinations:** Calls, including over Wi-Fi, are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada); customers on consumer plans (e.g., some sole proprietors) pay an additional \$.05/min. Up to 5GB high-speed data in select Central European countries; otherwise standard speeds approx. 256 Kbps. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our network.** Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Scam Shield:** Capable device req'd. Turning on Scam Block might block calls you want; disable any time. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, heavy data users (>50GB/mo. for most plans) and customers choosing lower-prioritized plans may notice lower speeds than other customers. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. See T-Mobile.com/OpenInternet for details.
